Dear Sir/Madam,

I am writing this letter of recommendation on behalf of Smail Abd El Madjid, who I have had the pleasure of working with for the past three months at Hotello. During this time, Smail has demonstrated good technical skills, excellent work ethic, and a commitment to delivering high-quality results.

As a developer, Smail possesses a good understanding of programming languages and software development methodologies. He is skilled in Angular, and has also shown an ability to learn new technologies quickly and apply them effectively to solve complex problems.

Smail consistently delivers results on time, while maintaining the highest standards of quality. He is a highly motivated team player, always willing to go above and beyond to ensure the success of our projects. He has an excellent ability to communicate with stakeholders, both technical and non-technical, and can explain complex concepts in a clear and concise manner.

Unfortunately, due to circumstances beyond his control, Smail had to leave our company. However, I can attest that his departure had nothing to do with his performance or conduct at work. Smail is a pleasure to work with. He has a positive attitude, strong work ethic, and a willingness to take on new challenges. He is a true team player, always willing to lend a hand to colleagues and share their expertise.

Overall, I recommend Smail for any development role. He would be an asset to any team, and I have no doubt that he will continue to excel in their career. Please do not hesitate to contact me if you have any questions or require additional information.

Sincerely,

Reza Assadi
Director of Software Development
